## LANGUAGES

- Hindi: Advanced
- English: Native

## PROFILE

Highly skilled Full-Stack Developer with over 4 years of experience in developing and maintaining robust web applications using Angular, TypeScript, HTML, CSS, and JavaScript. Proficient in both frontend and backend development, with expertise in Node.js, Express.js, and EJS. Adept at integrating RESTful APIs, implementing authentication and authorization mechanisms, and developing custom directives. Strong background in UI/UX design, problem-solving, and code review. Experienced in cloud services (AWS), virtual private servers (VPS), and content management systems (CMS). Passionate about delivering high-quality products and enhancing user experiences.

## WORK EXPERIENCE

- Angular Developer** 2020 - PRESENT  
Meander Software Private Limited
  - Developed and maintained multiple Angular applications, ensuring high performance and responsiveness.
  - Collaborated closely with backend developers to seamlessly integrate RESTful APIs.
  - Created custom directives to enhance and extend the functionality of existing components.
  - Implemented robust authentication and authorization mechanisms using JSON Web Tokens (JWT).
  - Integrated sophisticated UI elements, including charts, tables, forms, and other interactive features, leveraging Angular Material.
  - Conducted thorough unit testing of Angular code modules to ensure reliability and maintainability.
